

impex
by MT Group

IMPEX was founded in Buenos Aires, Argentina in 2005 with the objective of developing commercial operations in the global food market. During these years we have opened branches in Chile, Peru, Colombia and the United States, strategic countries for our business vision. Today we can proudly say that we are producers, exporters, importers, developers and traders of new products and brands. Innovation, flexibility, proactivity, effort and transparency are words that best describe our way of doing business. Our mission is to provide high quality, customized service that fully meets our client's needs.
